## **PRIME TECHNOLOGY GROUP ANNOUNCES WEBINAR ON QA AUTOMATION PROCESS**

**July 15, 2014 (Wayne, PA)** – Prime Technology Group, LLC, a global software engineering leader in next-generation consulting and software development services, has announced today that it is hosting its first ever IntelliQ Webinar on QA (Quality Assurance) Automation. The Webinar is scheduled to be conducted on Wednesday, July 30, 2014, at 7:30 p.m. Indian Standard Time (10:00 a.m. US time).

The aim of the IntelliQ Webinar is to provide new insights into how organizations can automate an existing formalized manual testing process and validate outcomes against expected results. The QA engineers of Prime have pointed out that one of the many advantages is that the QA process enhances quality and saves time and effort resulting in reduced costs. In the upcoming session at Prime, the experts are also going to suggest ways on how to cut corners to save time, repeatability of the process and short turn-around time that contribute to faster delivery.

Webinar participants can take advantage of a well-defined agenda that covers a general overview of Automated Testing, its importance as well as includes live open discussion on Automated Test Implementation Process, Regression Test Metrics and more.

*“We are delighted to say that Prime is poised to host its first ever IntelliQ Webinar on QA Automation this July ‘14. Our QA Automation engineers are going to talk about how to design and develop automated tests using a range of tools and frameworks and how it is pivotal to the importance of Automated Testing,”* said Sudhakar Goverdhanam, Founder and Chief Executive Officer (CEO), Prime Technology Group.

*“Our commitment is in providing real-time business value that recognizes our efforts in taking client relationship forward and help them to keep pace with the changing business demands,”* added Mr. Goverdhanam.

Prime’s first ever IntelliQ Webinar on QA Automation will be held on Thursday, July 30th at one of its corporate headquarters in Hyderabad, India. To get more information on the webinar and register, please follow the [link](#).
